

PCB.WELDING DRAWING

CIRCUIT DIAGRAM

### SPECIFICATION

|                        |                    |
|------------------------|--------------------|
| Contact Rating:        | 50mA, 12V D        |
| Contact Resistance:    | 100mΩ max          |
| Insulation Resistance: | 100mΩ min. 500V DC |
| Dielectric Strength:   | 250V AC/1minute    |
| Travel:                | 0.25mm             |
| Operating Temp:        | -40℃~+90℃          |
| Storage Temp:          | -30℃~+80℃          |

|                 |                         |
|-----------------|-------------------------|
| PAPT NO         | TS-1135-X               |
| Operating Force | A:100gf B:160gf C:260gf |
|                 |                         |
|                 |                         |
|                 |                         |

|                                                     |      |         |          |             |                        |
|-----------------------------------------------------|------|---------|----------|-------------|------------------------|
|                                                     |      |         |          | ANGULAR     | ±5°                    |
|                                                     |      |         |          | L ≤ 4       | ±0.2                   |
|                                                     |      |         |          | 4 < L ≤ 16  | ±0.3                   |
|                                                     |      |         |          | 16 < L ≤ 63 | ±0.4                   |
|                                                     | DATE | REVISED | APPROVED | L > 63      | ±0.5                   |
